

Unit 02

Sunday, October 15, 2023

9:20 AM

Bada Bhai 😊

{ more formal }

Algorithm (Natural Language) → Pseudocodes

- sequence of simple steps, (stepwise procedure) for computations
- patterns : ① Sequential Execution ② Selection ③ Repetition

Flowchart (Activity Diagram)

- graphical representation of operations
- complex algorithm can be expressed using flowchart

Programming Languages

→ actually write instructions for the computer.

- ① Machine Level Language
- ② Assembly Language
- ③ High Level Language
